

FIRE UPDATE

WEEK 1

THANK YOU

First we would like to thank everyone for your thoughts and prayers. The unbelievable support we have felt from customers across the world has been uplifting and inspiring.

REBUILDING

- *At this time we plan on rebuilding. We begin the loss process with the adjusters today. Over the next week and month we will get a better idea on timeline of recovery and if that is possible.*
- *Although half of our inventory and all of our raw materials survived, we have no equipment or facility, so this is the fight of our lives, we make no bones about that.*
- *If things go well we could be shipping some items in weeks, others could be a few months. But a lot of things have to fall into a perfect place to make that happen.*

CURRENTLY

- *We are not allowed in the building as the investigation continues on the cause of the fire.*
- *We will plan on doing these fire updates as often as possible as new news and progress unfolds. Plan on hearing from us weekly.*
- *We are working to get phones transferred to a different location, we are hoping they will be up and running yet this week. When that happens we will begin calling everyone with open orders personally.*
- *Every vendor with an Open PO will hold their spot in the Q if the order remains. They are free to cancel at any time in this process and we will understand.*

**IF WE CAN
DO THIS,
WE WILL
DO THIS
TOGETHER.**

As things unfold we will continue to update as much as possible so you can make the best decisions for your businesses and race teams.

We look forward to giving you more info in the weeks and months to come.

THANK YOU!

Wade & Angie Huisman
